Ordering

When you order from Chapel View please keep in mind the following items. Understanding these items will help to ensure that your order is smooth and enjoyable.

The first item Chapel View would like you to know is one that is an utmost priority to us. When placing an order please understand that we do everything in our power to make sure you get the BEST Birds possible! We work tirelessly to acquire and Breed some of the top Peacocks in the U.S. for our breeding program.

Keep in mind that you are ordering LIVE BIRDS and things can and will happen but we reserve the right to DELAY or PUSH BACK ANY SHIPMENT until the birds ordered are perfect for shipping. Also know we will NO LONGER OFFER ANY TYPE OF REFUND until we have exhausted all possibilities to offer the BEST we have for your order FROM OUR SIDE OF THE TRANSACTION. With this in mind make sure you are willing to wait for the best birds and SHIPPING TIME available. In all cases the buyer and seller should desire to put the Health and Quality of your new Birds over all else.

We will be offering 2019 hatched Peacocks starting at "Three months of age", they will be sexed and perfect. WE NEVER WILL SHIP DAY OLD PEACOCKS. We will also hope to have older birds available throughout the Summer and into Fall But that would depend on filling orders and where our sex ratio falls during breeding season.

Guarantee

WE GUARANTEE ALL BIRDS WE SELL FOR A FULL 30 DAYS. If you experience a loss of ANY KIND We will replace the bird(s) for you! It is what we do! Also, many pairs we have sold and will sell in the future, we sell with FULL GUARANTEES meaning if they do not develop as we assumed they would, we will replace them with birds of your choosing from our flock of available birds! IT IS WITH THIS GUARANTEE WE HOPE YOU UNDERSTAND our commitment to quality and furthering good will in this breed and just as importantly satisfying our new Bird friends.

Shipping

We will ship Peacocks up to three months old through USPS. Show Quality birds will not be guaranteed in younger birds; but you WILL PROBABLY get lucky! After that age, will have pick-up at the farm or we will ship through Delta Airlines which will allow counter pickup at your local airport. The cost is not that much more and the birds will only be in the crates for a few hours, rather than possibly days in the mail! These birds are just too important to be "lost" in the mail.

Now we are getting ready for 2019 breeding season. Good luck everyone! And remember - NUTRITION IS KEY in this breed! Do not skimp on inferior feed just because they are "Peacocks". They are worth what is important for their massive and quick development!!!

So, now that you have read how we will work with you:

- ❖ ALL CLIENTS MOVING FORWARD WILL HAVE TO AGREE TO US IN MESSAGE/FAX THAT THEY HAVE READ THIS, ARE FULLY UNDERSTANDING OUR RULES AND AT THAT TIME WE CAN THEN MOVE FORWARD WITH YOUR ORDER.
